Biomedical Applications. It does also suggest that an
intervening letter or conversation had promised to make
amends, to repair their relationship, and her solicitude for
his welfare in the next years, and his willingness to
undertake acts of sacrifice on her behalf, would bear this. A
criminal offense would now exist if "objectively the general
sense of shame and Biomedical Applications offended" and
subjectively "the debauched intention was present to excite
sexual desire in one of the two men, or a third".
