The Climb Leave the banter and nervous anticipation in the CIC hut behind and head up into Observatory Gully and the Eastern approach - the most popular way of starting the climb. Unfortunately this is often where it goes wrong. Here, scholars who are women pay homage to female professors who inspired them not only to study Hispanic literature, but to pursue a new field of inquiry. We highlight the prevalence of such alterations through examination of published "-omics" data, and demonstrate similar responses in sensitive QWB experiments.
